PROFILE

Having grown up on the shores of Lake Kariba, Kingsley has been a man of the wild his whole life. When he was 16 years old he started tagging along on safaris as a gopher. This sparked a passion for the bush that has been burning ever since. Kingsley began his river guide training at 17, and by the age of 19 he qualified as one of the youngest Professional Canoe Guides on the Zambezi River. After a few years of exploring one of the oldest rivers in the world, Kingsley returned to shore and obtained his full Professional Guides. Kingsley is a truly exceptional guide with an incredible depth of knowledge and desire to share lore and legends of the African bush.
