

## African Bush Camps Welcomes Botswana Guests with New Domestic Travel Offer

*Southern African safari operator, African Bush Camps (ABC), has discounted its domestic travel rates to encourage residents to experience the best of the African wilderness at a selection of its Botswana locations.*

August has kicked off with a lot to look forward to with the domestic travel sector is gradually regaining momentum and Botswana's Independence Day celebrations not too far off (30 September 2020). [African Bush Camps](#) is giving Botswana residents the opportunity to get out and disappear in the African bush at two of their amazing locations - Linyanti (Chobe Enclave) and Khwai (Khwai River) Bush Camps – without breaking the bank.

From 14 August to 16 October 2020 (including Independence Day), you can experience a five-star safari at almost a sixth of the normal high season rate.

Linyanti Bush Camp is the perfect base for a post-lockdown recharge and to discover something new in your home country. The traditional yet eclectic camp borders Botswana's Chobe National Park. It is set on the banks of the Linyanti Wetland and that means there is plenty of wildlife sightings across the magnificent landscape. The remote setting and vibrant animal population make for the ultimate getaway for families with older children (aged 7+) and couples.

Known as the “home of the Botswana luxury safari”, Khwai Bush Camp offers stretches of untouched wilderness from its base next to the Khwai River. A short distance from the Moremi Game Reserve, the camp is a favourite for serious sustainable travellers. It cherishes the interests of the Khwai community, with elements reminiscent of its people “built” into the camp structure while eco-conscious approaches are evident in all activities.

Due to COVID-19, ABC has taken significant steps to safeguard the health of its guests and staff at each of its 16 luxury tented bush camps and lodges in Botswana, Zimbabwe, and Zambia. This includes instituting hygiene and preventative measures based on WHO guidelines, country-specific requirements, and its own creative initiatives to limit the transmission of COVID-19. A detailed overview of all preventative measures is linked [here](#).

#### **About African Bush Camps**

African Bush Camps (ABC) is a 100% owner-run, African-based safari company designed to delight adventure travelers with authentic safari experiences amid untamed wilderness across Botswana, Zimbabwe, and Zambia. Operations are always focused on the guests, with 15 luxury tented bush camps and lodges, offering seamless safari experiences with internal flights, food, drinks, and activities included. **African Bush Camps** promotes and influences travel to Africa on a global scale while operating with a strong focus on conservation, and an environmentally sustainable footprint that celebrates the culture of communities in the areas in which it operates.

The **African Bush Camps Foundation** is a nonprofit organisation focused on conservation, education, and empowerment for the communities that surround the company’s camp locations. Launched in 2006, the Foundation operates through a multi-faceted partnership with the company where at least 2,5 percent of ABC’s revenue goes towards the Foundation annually. An integral part of this contribution is ABC’s automatic donation of USD10 for every bed night accommodated at each of its camps. All donations go directly to community-based development projects initiated by the Foundation. Since opening, the Foundation has spearheaded 72 community projects across Botswana, Zimbabwe, and Zambia; 42 of those projects are currently in operation under the Foundation’s wing.

African Bush Camps was founded in 2006 by Beks Ndlovu, a professional safari guide born and raised in the village of Lupane on the outskirts of Hwange National Park in Zimbabwe. From the start of operations, Ndlovu’s mission has been to operate a portfolio of luxury tented camps and lodges across Botswana, Zimbabwe, and Zambia that reincarnate the fantasy of ‘Old Untouched Africa,’ while treating guests to authentic and adventurous professional guide-led experiences and bespoke safaris that can only be found in the bush.
